

PSA PRODUCT SCORECARD

The PSA Product Scorecard is a tool that contributes to the evaluation of a manufacturer or their product. Some evaluations will be comprehensive and based upon extensive bench-testing; some evaluations will not. The goal is to provide PSA integrators with a common means to aggregate evaluative information.

PRODUCT: Bosch | DINION Starlight 8000 MP Camera

Average Star Rating: 3.7

Company: Enterprise Security Systems

Testing Environment: Bench

Tester Name: Jared DeLand

Testing Period: 30 days

Star Rating System

- 5** = Excellent (exceeded expectations)
 - 4** = Pretty Good (better than other similar products)
 - 3** = Acceptable (nothing to clearly differentiate it from similar products)
 - 2** = Not so Good (poorer than other similar products)
 - 1** = Unacceptable (did not meet minimum expectations)
 - 0** = No opinion / Not applicable / Undetermined
- * Only questions with a rating greater than zero are used to determine average rating.

Using the key above, rate the following:	Star Rating
Product's initial performance	4
Product's performance after 6 months	0
Product's performance after 12 months	0
Product's overall build quality	4
Product's feature set	5
Rate the product's "ease of use"	3
Quality of the product's documentation	3
Quality of the product's technical support	2
Availability of the product's technical support	3
Product's use of industry standards	3
Product's manufacturer rep. support	5
Product's price compared to value	4
Product's Warranty	5
Product's RMA process	0

Additional Comments:

- Autofocus (full range, local and back focus) is fantastic.
- This product is fantastic in low light situations, likely the best I've seen.
- The built in analytics are great and all tested well. Some tend to be distracting to have on if you are looking at live images but the functionality is there if that is the cameras purpose.
- The picture quality is excellent.
- New product - tech support did not know how to set up IVA analytics. No documentation on analytics setup.
- Manufacturer rep was able to navigate and set up the product very well.
- 3 year advanced replacement warranty.
